

§ 842.704

5 CFR Ch. I (1–13 Edition)

§ 842.704 Election requirements.

(a) The election of an alternative form of annuity and evidence of spousal consent must be filed on a form prescribed by OPM within the time limit prescribed in paragraph (b)(2) of this section. The form will require that a notary public or other official authorized to administer oaths certify that the current spouse presented identification, gave consent to the specific election as executed by the retiree, signed or marked the form, and acknowledged that the consent was given freely in the notary's or official's presence.

(b) An election of the alternative form of annuity must be in writing and received by OPM on or before the date of final adjudication. After the date of final adjudication, an election of the alternative form of annuity is irrevocable.

(c) Except as provided in paragraph (d), an annuitant who dies before the time limit prescribed in paragraph (b)(2) of this section is deemed to have made an affirmative election under § 842.703(a) with a reduced annuity to provide a current spouse annuity, regardless of any election completed under § 842.606, and the lump-sum credit will be paid in accordance with the order of precedence described in section 8424 of title 5, United States Code.

(d) If an annuitant described in paragraph (c) has completed an election under § 842.604 (a) or (b)—

(1) The lump-sum credit will be paid in accordance with the order of precedence described in section 8424 of title 5, United States Code; and

(2) The election under § 842.604 (a) or (b) will be honored.

(a) An employee or Member who is eligible to make an election under § 842.703 may elect to receive his or her lump-sum credit, excluding interest, plus an annuity computed in accordance with sections 8415 and 8421 of title 5, United States Code, for which they qualify (including any reduction for

(b) A retired employee or Member who elected an alternative form of annuity is subject to all provisions of subchapters II and IV of chapter 84 of title 5, United States Code, as would otherwise apply to a retired employee or Member who did not elect an alternative form of annuity. § 842.706 Computation of alternative form of annuity.

(a) To compute the beginning rate of annuity payable to a retiree who elects an alternative form of annuity, OPM will first compute the monthly rate of annuity (and annuity supplement, if any), otherwise payable under subchapter II of chapter 84 of title 5, United States Code, including all reductions provided under the subchapter other than those in section 8420a of that title. That monthly rate is then reduced by an amount equal to the retiree's lump-sum credit, excluding interest, divided by the applicable present value factor for the retiree's attained age (in full years) at the time of retirement. The reduced monthly rate is then rounded to the next lowest dollar and becomes the rate of annuity payable.

(b) OPM will publish a notice in the FEDERAL REGISTER announcing any proposed adjustments in present value factors at least 30 days before the effective date of the adjustments.

§ 842.707 Partial deferred payment of the lump-sum credit if annuity commences after January 3, 1988, and before October 1, 1989.

(a) Except as provided in paragraph (c) of this section, if the annuity of an employee or Member commences after January 3, 1988, and before October 1, 1989, the lump-sum credit payable under § 842.705 is payable to the individual, or his or her survivors, according to the following schedule:
